

SPECIAL EPSON BUSINESS PRINTER OFFER

First Time Buyer – Save up to 50%*

Effective April 1, 2019 – September 30, 2019

Offer valid for 1 qualifying printer/ per user who has NOT previously purchased an Epson business inkjet printer

Epson's new line of Business Inkjet Printers have found an avid fan base among both K-12 and higher education customers, because they eliminate the need to choose between speed, reliability, and affordability when it comes to color printing.

What if ... you could print classroom materials in vibrant color and cut printing costs up to 50%?

Epson's new class of Business Inkjet printers provide up to 50% lower color printing costs vs. color lasers while the Epson's new WF-C20590 delivers speeds of up to ISO 100 pages per minute—the fastest in its class.

What if ... you could improve how print is used in the class while reducing IT and user intervention?

Empower your teachers with the convenience of in-classroom color printing without having to worry about reliability and maintenance. The Business Inkjet Printer's construction boasts fewer break points and serviceable parts, and it comes with high-capacity ink supplies that should last up to one year

What if ... you could consolidate your printer fleet, lower costs to manage print while offering users greater capabilities?

With Epson Business Inkjet Printers, you can reduce the need to segment printers based on B&W and color output, single or multi-function capabilities while providing users with output capabilities that in many cases is outsourced

GREAT VALUE

Up to 50% lower printing costs vs. color laser

HIGH-QUALITY OUTPUT

Brilliant color, sharp black text

PRODUCTIVE

Reduce ink replacement, lower Ink storage and shipping costs
