# Filter every user from a single unified interface

Any device. Any browser. Any OS.

GoGuardian Admin is a multi-layered content filtering solution that works on any device, browser, or operating system. It will transform the way you manage your district's filters by providing a single, unified interface for guest, BYOD, and school-issued devices. Already trusted by over 10,000 schools, GoGuardian Admin provides full flexibility for your school's policies while drastically reducing time spent on configuration and maintenance.

And now GoGuardian Admin has powerful suicide prevention capabilities, designed to help you immediately start identifying those students who are most at risk. We're as passionate about keeping kids safe, on task, and engaged as you are.

## Powerful Filtering Capabilities

Our advanced technology scans docs, mail, social, search, and web content.

## NEW Multi-Platform Support

Any device. Any browser. Any operating system.

## NEW Suicide Prevention Capabilities

Identify students who are most at risk of suicide with Beacon Starter.

## Granular Reporting

Easily access usage and trends at the student and Org Unit levels.

## NEW Parent App

Share a student's online activity directly with their parent or guardian.

## On and Off-Campus Filter

Set different rules based on time and device location.

# Tech with confidence

# Teach with confidence

GoGuardian helps you create smart and effective digital learning environments that work any way you want them to, without surprises. We're as passionate about keeping kids safe, on task, and engaged as you are.

With GoGuardian Teacher providing a view into your students' online activity and providing you control over their devices, you can feel comfortable embracing technology in the classroom. Teach confidently knowing that your students are staying focused and on task.

## Classroom device management made easy:

### View Student Screens

See what students are working on, and easily identify students that are struggling or may need more guidance.

### Direct Chat & Announcements

Chat directly with individual students without disturbing the rest of the class, thereby increasing participation and engagement, especially among shy students.

### Limit Student Browsing

Easily define the sites you want accessible to students for a test or class period while blocking everything else.

### Student & Class Reporting

Access class session summaries and historical records of each student's classroom browsing activity, a helpful tool for parent-teacher conferences.

### Control Student Screens

Close irrelevant tabs, open tabs to helpful resources, lock screens, and screenshot student screens.

### Works Anywhere

Stay connected to students wherever they learn and wherever you go, even if you have a substitute that day.

### Off-Task Alerts NEW

Receive an automatic alert when a student goes off task.

### Free Online Training

Online teacher training and immediate chat support when you need it.

# Discover students that are silently suffering, with a suicide prevention service built just for schools.

*Beacon 24/7 now offers trained safety specialists to help your team evaluate and escalate active planning alerts.*

## Proactively delivers warning signs from ALL online activity

Unlike other solutions that focus on G-Suite or Office365, Beacon works across all of the content your students are creating, searching for, and consuming online. This includes search engines, chat, social media, email, web apps, and more.

## A trained team of human safety specialists, now available to support you

Beacon now offers the option to have a dedicated team of safety specialists review and escalate active planning alerts 24/7. These specialists operate out of the U.S. and are specially trained to evaluate alerts.

## Activates the right responders, including school staff and parents

Beacon's robust and flexible alerting system can bring in the right school responders, help notify parents after hours, and even provide students directly with resources.

Kids are at increasing risk, and schools are under pressure. GoGuardian Beacon's combination of advanced AI and human escalation can help.

1 in 5 teens have seriously considered suicide.\*

9:10

9 out of 10 students with depression go online for support\*\*

The average number of students to school counselors is 481:1

**Beacon is available in a variety of plans to meet your school's needs and budget.**

Contact us at [goguardian.com/beacon](https://www.goguardian.com/beacon) to learn more about how Beacon can help.

## Features & Benefits:

Monitors all content students engage with in their browser on a school-issued device

Packages alerts with context surrounding current and past activities for faster, more-informed responses

Provides resources to students directly

Dedicated 24/7 safety specialists are available to support your team

Escalates alerts to the right responders, including parents after-hours (optional)

American Foundation for Suicide Prevention

## How can OETC help?

GoGuardian licensing through OETC offers members significant savings and several unique incentives:

### Consulting

OETC can help find the best option for your school, college or institution. Contact us and we'll assist you in selecting a GoGuardian plan that meets your needs.

### Nonprofit pricing

Aggressive negotiation on behalf of our members gets us special pricing, discounts and incentives only available to educational institutions.

### Dedicated support and assistance

Our dedicated support team is always just a call away. Get your technology problems attended to by real people in just minutes.

### Independent and impartial

As a nonprofit, OETC focuses solely on our members' needs and interests. We serve as guides and advocates for our members, providing unbiased advice and straightforward purchasing without a profit motive.
